To Whom It May Concern:

**On behalf of Pools For Kids, Inc. we would like to invite you to become a sponsor for our 2017 diving season.**

**Pools For Kids, Inc** is a non-profit 501c(3) organization with the mission of building and upgrading aquatic sports facilities for youth in the Denver Metro Area. Pools For Kids, in conjunction with the Mile High Dive Club, has partnered with local public facilities to help provide equipment so that children can gain the benefits of aquatic sports, including the sport of diving.

To date, Pools for Kids has donated time and money to upgrade and support multiple pools in Arvada, Colorado Springs and Littleton. Our current campaign is to build a world-class springboard and platform diving facility, centrally located in Denver. This facility will service all of the major counties in the Denver Metro Area. As you may know, there is an extreme shortage of water time available to the youth in Colorado. A facility like this will not only attract national and international events to Denver, but will also dramatically increase the access to water time that is in such short supply in our area. This will allow local programs to teach transferable life skills through aquatic sport, instructing youth how to be successful, not only in the pool, but later in life. A facility like this would bring diving to the Denver Metro Area's ten county population of nearly 3 million residents.

**By becoming a sponsor for this 501c(3), you will help to make this facility a reality, and thereby foster the opportunity for these children to have success in aquatics and in the rest of their lives. This unique opportunity is possible because of supportive donors like you. Additionally, every dollar donated to Pools For Kids is 100% tax deductible.**

Enclosed with this letter is information on the opportunities available for sponsorship and the various levels of participation. We appreciate your consideration in helping us continue to be able to provide an area to aid in teaching life skills to today's youth. If you have any questions or would like further information please contact Jenn Hess at (303) 871-0754 or visit our website at [poolsforkids.org](http://poolsforkids.org).

Thank you for your consideration, we look forward to hearing from you soon.

Sincerely,

Jenn Hess  
Pools For Kids, Inc.
